*Issuance of Notes*

On August 15, 2019, New Residential Investment Corp. (the “Company”), NRZ Advance Receivables Trust 2015-ON1 (an indirect subsidiary of the Company, the “Issuer”), HLSS Holdings, LLC (an indirect subsidiary of the Company, “HLSS”), Deutsche Bank National Trust Company (“Deutsche Bank”), PHH Mortgage Corporation (“PMC”), New Residential Mortgage LLC (a subsidiary of the Company, “NRM”), NewRez LLC d/b/a Shellpoint Mortgage Servicing (a subsidiary of the Company, “Shellpoint”), and Credit Suisse AG, New York Branch (“Credit Suisse”) entered into a financing transaction pursuant to which the Issuer issued \$400,000,000 of rated receivables backed term notes (the “Series 2019-T2 Notes”).

The Series 2019-T2 Notes are all issued under that certain Third Amended and Restated Indenture, dated as of July 25, 2019, by and among the Issuer, Deutsche Bank, HLSS, Credit Suisse, PMC, NRM and Shellpoint (the “Indenture”) and the Series 2019-T2 Indenture Supplement thereto among the parties to the Indenture and the Company (the “Indenture Supplement”). A copy of the Indenture Supplement is attached to this Current Report on Form 8-K as Exhibit 4.1 and is incorporated by reference herein.

The proceeds of the Series 2019-T2 Notes were used to redeem the Series 2016-T4 Notes issued by the Issuer.

The Series 2019-T2 Notes are secured by servicer advance receivables made by PMC, Shellpoint and NRM and accrued and unpaid servicing fees payable under certain identified residential mortgage loan servicing agreements. The collateral securing the Series 2019-T2 Notes cross-collateralizes four other series of outstanding notes previously issued by the Issuer.

The Series 2019-T2 Notes bear fixed interest, varying by class, ranging from 2.52% to 4.39% per annum. The revolving period for the Series 2019-T2 Notes ends on August 15, 2023. If the Series 2019-T2 Notes are still outstanding at the end of the revolving period, the Issuer will be required to repay one-twelfth of the remaining principal balance of the Series 2019-T2 Notes each month until the principal balance of the Series 2019-T2 Notes is paid in full.

The events of default and target amortization events under the Series 2019-T2 Notes include customary events such as: (i) failure to satisfy an interest coverage test, (ii) failure to satisfy a collateral performance test measuring the ratio of collected advance reimbursements to the balance of advances; (iii) failure to deliver certain reports; (iv) material breaches of any of the transaction documents (subject to applicable cure periods), (v) non-payment of principal, interest or other amounts when due, (vi) insolvency of PMC, HLSS, Shellpoint, NRM or the subsidiaries of HLSS party to the transaction documents; (vii) the Issuer becoming subject to registration as an “investment company” within the meaning of the 1940 Act; and (viii) PMC, Shellpoint or NRM failing to comply with the deposit and remittance requirements set forth in any pooling and servicing agreement or such definitive documents.

Upon the occurrence of an event of default or a target amortization event (including because of the end of the related revolving period) in respect of the Series 2019-T2 Notes, there is either an interest rate increase on the Series 2019-T2 Notes, a rapid amortization of all or a portion of the Series 2019-T2 Notes or an acceleration of principal repayment, or all of the foregoing.

Upon the occurrence and during the continuance of an event of default under the facility, the requisite percentage of the related noteholders may declare the Series 2019-T2 Notes and all other obligations of the applicable issuer immediately due and payable and may terminate the commitments. A bankruptcy event of default causes such obligations automatically to become immediately due and payable and the commitments automatically to terminate.

The definitive documents related to the Series 2019-T2 Notes contain customary representations and warranties, as well as affirmative and negative covenants. Affirmative covenants include, among others, reporting requirements, provision of notices of material events, maintenance of existence, maintenance of books and records, compliance with laws, compliance with covenants under the designated servicing agreements and maintaining certain servicing standards with respect to the advances and the related mortgage loans. Negative covenants include, among others, limitations on amendments to the designated servicing agreements and limitations on amendments to the procedures and methodology for repaying the advances or determining that advances have become non-recoverable.

(xi) is attributable to a Designated Servicing Agreement that does not provide that all Advances as to a Mortgage Loan are reimbursed on a “first-in, first out” or “FIFO” basis (“*Non-FIFO*”) upon the transfer of servicing thereunder, such that the Advances of a particular type that were disbursed first in time will be reimbursed prior to Advances of the same type with respect to that Mortgage Loan that were disbursed later in time; and if it is a Whole Loan Servicing Agreement, does not provide that all Advances with respect to any Mortgage Loan must be reimbursed in full at the time the servicing of such Mortgage Loan is transferred out of such Whole Loan Servicing Agreement to the extent that the Receivable Balance of such Receivable, when added to the aggregate Receivable Balances of all Facility Eligible Receivables outstanding, would cause the total Receivable Balances attributable to Non-FIFO Receivables outstanding that are Facility Eligible Receivables to exceed the Non-FIFO Percentage Limit of the total Receivable Balances of all Facility Eligible Receivables included in the Trust Estate;

(xii) is a Facility Eligible Receivable that is a Specified Receivable, to the extent that the Receivable Balance of such Receivable, when added to the aggregate Receivable Balances of all Facility Eligible Receivables outstanding that are Specified Receivables, would cause the total Receivable Balances attributable to all Facility Eligible Receivables outstanding that are Specified Receivables to exceed the Specified Receivables Percentage Limit of the total Receivable Balances of all Facility Eligible Receivables included in the Trust Estate;

(xiii) is a Facility Eligible Receivable that is a Specified Receivable for which (I) (a) the applicable Servicer has received a notice that the holder of the right to initiate the optional termination or clean-up call contemplated by the related OTP Provision is exercising such right, (b) more than ten (10) Business Days have occurred since such Servicer’s receipt of such notice or a Funding Date has occurred since such Servicer’s receipt of such notice and (c) such notice does not expressly provide that all Advances and Deferred Servicing Fees under the related Designated Servicing Agreement will be reimbursed or paid in full upon the exercise of such optional termination or clean-up call or (II) the related optional termination or clean-up call has been exercised and such Specified Receivable has not been paid or reimbursed;

(xiv) relates to an Advance that has not been reimbursed in full or a Deferred Servicing Fee that has not been paid in full within ninety (90) days following the date of a permanent modification of the related Mortgage Loan that becomes effective subsequent to the creation of such Receivable (for purposes of this clause, a modification becomes “permanent” following any trial period or satisfaction of conditions precedent or subsequent); or

(xv) is attributable to any Designated Servicing Agreement to the extent that the Receivable Balance of such Receivable, when added to the aggregate Receivable Balances already outstanding with respect to such Designated Servicing Agreement, would cause the related Market Value Ratio to exceed 50.0%.

For purposes of each of the foregoing, (i) if any Facility Eligible Receivable has a Collateral Value equal to zero pursuant to any Collateral Value exclusion test, the portion of the Receivable Balance thereof with a Collateral Value of zero shall be disregarded for all other purposes of this Section 4, in each case as determined by the Administrator in a manner that maximizes the Collateral Value and (ii) if any Facility Eligible Receivable has an Advance Rate of zero, such Facility Eligible Receivable shall be disregarded for all other purposes of this Section 4.

**Section 5. Series 2019-T2 Reserve Account.**

In accordance with the terms and provisions of this Section 5 and Section 4.6 of the Base Indenture, the Indenture Trustee shall establish and maintain a Series Reserve Account, which shall be an Eligible Account, with respect to the Series 2019-T2 Notes for the benefit of the Series 2019-T2 Noteholders (such account, the “Series 2019-T2 Reserve Account”).

For the avoidance of doubt, if the portion of Available Funds (including the amounts on deposit in the Interest Accumulation Account or the Note Payment Account) allocable to the Series 2019-T2 Notes or the Series Available Funds in respect of the Series 2019-T2 Notes, as applicable, on any Payment Date is not sufficient to pay the full Interest Amount and any Cumulative Interest Shortfall Amount attributable to the Interest Amount for the Series 2019-T2 Notes, amounts then on deposit in the Series 2019-T2 Reserve Account shall be withdrawn and applied to pay the shortfall.

**Section 6. Payments; Note Balance Increases; Early Maturity.**

(a) Except as otherwise expressly set forth herein, the Paying Agent shall make payments on the Series 2019-T2 Notes on each Payment Date in accordance with Section 4.5 of the Base Indenture.

(b) Any payments of Interest Amounts, Cumulative Interest Shortfall Amounts and Fees, Default Supplemental Fees, Cumulative Default Supplemental Fee Shortfall Amounts, ERD Supplemental Fees or Cumulative ERD Supplemental Fee Shortfall Amounts allocated to the Series 2019-T2 Notes shall be paid first to the Class A-T2 Term Notes, thereafter to the Class B-T2 Term Notes, thereafter to the Class C-T2 Term Notes, thereafter to the Class D-T2 Term Notes and thereafter to the Class E-T21 Term Notes. The Paying Agent shall make payments of principal on the Series 2019-T2 Notes on each Payment Date in accordance with Section 4.5 of the Base Indenture during any Target Amortization Period.

(c) Any payments of principal allocated to the Series 2019-T2 Notes during a Full Amortization Period shall be applied in the following order of priority, first, to the Class A-T2 Term Notes, pro rata, until their Note Balance has been reduced to zero, second, to the Class B-T2 Term Notes, pro rata, until their Note Balance has been reduced to zero, third, to the Class C-T2 Term Notes, pro rata, until their Note Balance has been reduced to zero, fourth, to the Class D-T2 Term Notes, pro rata, until their Note Balance has been reduced to zero and fifth, the Class E-T2 Term Notes, pro rata, until their Note Balance has been reduced to zero.

(d) For the avoidance of doubt, the failure to pay any Target Amortization Amount when due, as described in the definition thereof, shall constitute an Event of Default.

(e) The Series 2019-T2 Notes are subject to optional redemption in accordance with the terms of Section 13.1 of the Base Indenture and redemption in accordance with Section 7 hereof.

#### **Section 7. Optional Redemptions and Refinancing.**

The Series 2019-T2 Notes are subject to optional redemption by the Issuer (such Notes, the "Redeemable Notes"), in whole or in part (so long as, in the case of any partial redemption, each Class of Redeemable Notes is redeemed on a pro-rata basis based on their related Note Balances and each redemption is allocated ratably among the Noteholders of each Class of Redeemable Notes), on any Payment Date by payment of the Redemption Amount except as set forth in this Section 7. Notwithstanding anything to the contrary in the Base Indenture, the Issuer shall be permitted to redeem the Series 2019-T2 Notes in whole or in part on any Business Day so long as the Issuer or the Administrator provides written notice to the Indenture Trustee (who shall provide notice to the Noteholders pursuant to Section 1.7 and Section 5.6 of the Base Indenture) and the Note Rating Agency of such redemption at least three (3) Business Days prior to the date of such redemption. Any reference in the Base Indenture to "Redemption Payment Date" shall, solely with respect to the Series 2019-T2 Notes, refer to any date on which the Issuer elects to redeem the Series 2019-T2 Notes as described herein. If the Issuer redeems the Redeemable Notes prior to the 360<sup>th</sup> day after the Issuance Date pursuant to this provision (as opposed to pursuant to an optional redemption otherwise permitted under Section 13.1 of the Base Indenture and this Section 7 herein), the Issuer shall pay to the Noteholders of each Class of Redeemable Notes in addition to its portion of the related Redemption Amount an amount equal to the Specified Call Premium Amount. In addition, the Issuer may exercise optional redemption of the Redeemable Notes, in whole or in part (so long as, in the case of any partial redemption, each Class of Redeemable Notes is redeemed on a pro-rata basis based on their related Note Balances and each redemption is allocated ratably among the Noteholders of each Class of Redeemable Notes), on any Payment Date on which the aggregate Note Balance of the Series 2019-T2 Notes is less than the Redemption Percentage of the aggregate Initial Note Balance thereof. No Specified Call Premium Amount is payable in connection with any optional redemption of the Redeemable Notes on any Payment Date on which the aggregate Note Balance of the Series 2019-T2 Notes is less than the Redemption Percentage of the aggregate Initial Note Balance thereof or in connection with any optional redemption otherwise permitted pursuant to Section 13.1 of the Base Indenture. The Redeemable Notes are subject to optional redemption by the Issuer pursuant to Section 13.1 of the Base Indenture, in whole or in part (so long as, in the case of any partial redemption, each Redeemable Notes is redeemed on a pro-rata basis based on their related Note Balances and each redemption is allocated ratably among the Noteholders of each Class of Redeemable Notes) with respect to such group of Classes, using the proceeds of the issuance and sale of one or more new Classes of Series 2019-T2 Notes issued pursuant to a supplement to this Indenture Supplement, on any Business Day after the date on which the related Revolving Period ends or on any Business Day within two (2) Business Days prior to the end of such Revolving Period upon two (2) Business Days' prior notice to the Noteholders. In anticipation of a redemption of the Redeemable Notes at the end of their Revolving Period, the Issuer may issue a new Series or one or more Classes of Notes within the 90 day period prior to the end of such Revolving Period and reserve the cash proceeds of the issuance for the sole purpose of paying the principal balance and all accrued and unpaid interest on the Redeemable Notes to be redeemed, on the last day of their Revolving Period. Any supplement to this Indenture Supplement executed to effect an optional redemption may be entered into without consent of the Noteholders of any of the Notes pursuant to Section 12(a)(iv) of the Base Indenture. Any Notes issued in replacement for the Redeemable Notes will have the same rights and privileges as the Class of Redeemable Note that was refinanced with the related proceeds thereof; provided, such replacement Notes may have different Expected Repayment Dates and Stated Maturity Dates.

**Section 8. [RESERVED]**

**Section 9. Series Reports.**

(a) Series Calculation Agent Report. The Calculation Agent shall deliver a report of the following items together with each Calculation Agent Report pursuant to Section 3.1 of the Base Indenture to the extent received from one of the Servicers or the Subservicer, with respect to the Series 2019-T2 Notes:

(i) the unpaid principal balance of the Mortgage Loans subject to any Small Threshold Servicing Agreement, Low Threshold Servicing Agreement and Middle Threshold Servicing Agreement;

(ii) the Advance Ratio for each Designated Servicing Agreement, and whether the Advance Ratio for such Designated Servicing Agreement exceeds 100.0%;

(iii) for each Small Threshold Servicing Agreement, as of the end of the most recently concluded calendar month, the aggregate of the Funded Advance Receivable Balances of all Receivables attributable to such Designated Servicing Agreement as a percentage of the aggregate of the Funded Advance Receivable Balances of all Receivables included in the Trust Estate;

(iv) for each Middle Threshold Servicing Agreement, as of the end of the most recently concluded calendar month, the aggregate of the Funded Advance Receivable Balances of all Receivables attributable to such Designated Servicing Agreement as a percentage of the aggregate of the Funded Advance Receivable Balances of all Receivables included in the Trust Estate;

(v) for each Low Threshold Servicing Agreement, as of the end of the most recently concluded calendar month, the aggregate of the Funded Advance Receivable Balances of all Receivables attributable to such Designated Servicing Agreement as a percentage of the aggregate of the Funded Advance Receivable Balances of all Receivables included in the Trust Estate;

(vi) a list of each Target Amortization Event for the Series 2019-T2 Notes and presenting a yes or no answer beside each indicating whether each such Target Amortization Event has occurred as of the end of the Monthly Advance Collection Period preceding the upcoming Payment Date or the Advance Collection Period preceding the upcoming Interim Payment Date;

(vii) the Mortgage Loan-Level Market Value Ratio for each Mortgage Loan related to a Loan-Level Receivable, a Specified Receivable or a Receivable related to a Mortgage Loan or REO Property that is attributable to a Designated Servicing Agreement that is a Small Threshold Servicing Agreement, and if any such Mortgage Loan-Level Market Value Ratio exceeds 50%;

(viii) for each Second-Lien Receivable and each Loan-Level Receivable, as of the end of the most recently concluded calendar month, the aggregate of the Funded Advance Receivable Balances that are Second-Lien Receivables and the aggregate of the Funded Advance Receivables Balances that are Loan-Level Receivables, respectively as a percentage of the aggregate of the Funded Advance Receivable Balances with all Receivables included in the Trust Estate;

(ix) whether any Receivable, or any portion of the Receivables, attributable to a Designated Servicing Agreement, has a Collateral Value of zero by virtue of the definition of "Collateral Value" or Section 4 of this Indenture Supplement;

(x) a calculation of the Net Proceeds Coverage Percentage in respect of each of the three preceding Monthly Advance Collection Periods (or each that has occurred since the date of this Indenture Supplement, if less than three), and the arithmetic average of the three;

(xi) the Monthly Reimbursement Rate as of the most recent date of determination;

(xii) whether any Target Amortization Amount that has become due and payable has been paid;

(xiii) the PSA Stressed Nonrecoverable Advance Amount for the upcoming Payment Date or Interim Payment Date;

(xiv) the Trigger Advance Rate for each Class (or, if less than three calendar months have occurred since the Closing Date, the Trigger Advance Rate based upon the Monthly Reimbursement Rate as calculated based on one or two months' data, as applicable);

(xv) a calculation of the percentage of the aggregate Receivable Balances of Loan-Level Receivables outstanding with respect to all Mortgage Loans or REO Properties of the aggregate Receivable Balances of all Facility Eligible Receivables included in the Trust Estate; and

(xvi) the Market Value Ratio for each Designated Servicing Agreement, and whether the Market Value Ratio for such Designated Servicing Agreement exceeds 50.0%.

(b) Series Payment Date Report. In conjunction with each Payment Date Report, the Indenture Trustee shall also report the Stressed Time Percentage. In addition, for so long as the Series 2019-T2 Notes are Outstanding, (i) the Administrator shall include in the Determination Date Report delivered pursuant to Section 3.2 of the Base Indenture with respect to the Determination Date for each Payment Date, a statement as to whether the Seller's Interest in respect of the Issuer as of the Seller's Interest Measurement Date occurring on such Payment Date is equal to at least 5%; and (ii) based on such statement of the Administrator, the Indenture Trustee shall report, in each Payment Date Report, whether the Seller's Interest in respect of the Issuer as of the Seller's Interest Measurement Date is equal to at least 5%. If the Seller's Interest is less than 5% as of any Seller's Interest Measurement Date, the Administrator shall then deliver to the Indenture Trustee, in conformity with Section 5(c)(4)(ii) of the risk retention rules promulgated under Regulation RR, a statement no later than one month after such Seller's Interest Measurement Date as to whether the Seller's Interest in respect of the Issuer as of the Seller's Interest Measurement Date occurring on such Payment Date is equal to at least 5%.

(c) Limitation on Indenture Trustee Duties. The Indenture Trustee shall have no independent duty to verify the occurrence of any of the events described in clauses (ii), (iii) or (iv) of the definition of "Target Amortization Event".

(d) Summary Report. On a monthly basis, the Administrator shall deliver an abbreviated form of the Payment Date Report and Interim Payment Date Report in a mutually agreed upon format to the email address provided by the Administrative Agent. Such abbreviated report shall also include whether a notice to initiate the optional termination or clean-up call contemplated by the related OTP Provision has been received with respect to any Designated Servicing Agreement identified on Schedule 4 to the Base Indenture.

#### **Section 10. Conditions Precedent Satisfied.**

The Issuer hereby represents and warrants to the Noteholders of the Series 2019-T2 Notes and the Indenture Trustee that, as of the related Issuance Date, each of the conditions precedent set forth in the Base Indenture, to the issuance of the Series 2019-T2 Notes have been satisfied or waived in accordance with the terms hereof.

**Section 11. Representations and Warranties.**

Each of the Issuer, the Administrator, the Servicers and the Indenture Trustee hereby restates as of the related Issuance Date, or as of such other date as is specifically referenced in the body of such representation and warranty, all of the representations and warranties made by it set forth in Sections 9.1, 10.1 and 11.14, respectively, of the Base Indenture.

**Section 12. Amendments.**

(a) Except as contemplated by Section 12.2 of the Base Indenture, this Indenture Supplement may be amended by the Series Required Noteholders.

(b) In addition, but subject to the provisions set forth in Sections 12.1 and 12.3 of the Base Indenture, without the consent of the Noteholders of any of the Series 2019-T2 Notes but with the consent of the Issuer (evidenced by its execution of such amendment), the Indenture Trustee, the Administrator, each Servicer (solely in the case of any amendment that adversely affects the rights or obligations of such Servicer or adds new obligations or increases existing obligations of such Servicer), and the Administrative Agent, and with prior notice to the Note Rating Agency, at any time and from time to time, upon delivery of an Issuer Tax Opinion (unless the delivery of such Issuer Tax Opinion is waived by the Administrator and the Administrative Agent) and upon delivery by the Issuer to the Indenture Trustee of an Officer's Certificate to the effect that the Issuer reasonably believes that such amendment will not have a material Adverse Effect (unless the delivery of such Officer's Certificate is waived by the Administrator and the Administrative Agent on behalf of the Noteholders), may amend any Transaction Document for any of the following purposes: (i) to correct any mistake or typographical error or cure any ambiguity, or to cure, correct or supplement any defective or inconsistent provision herein or any other Transaction Document; (ii) to correct, modify or supplement any provision herein that may be defective or may be inconsistent with any provision in the final Private Placement Memorandum dated as of August 12, 2019, as it may be amended or supplemented from time to time; (iii) to take any action determined by the Administrator to be reasonably necessary to maintain the rating currently assigned by the Note Rating Agency and/or to avoid such Class of Notes being placed or maintained on negative watch by such Note Rating Agency; or (iv) to amend any other provision of this Indenture Supplement. For the avoidance of doubt, the consent of Servicers is not required for (i) the waiver of any Event of Default or Target Amortization Event or (ii) any other modification or amendment to any Event of Default or Target Amortization Event except those related to the actions and omissions of the applicable Servicer. This Indenture Supplement may be otherwise amended or otherwise modified from time to time in a written agreement among (i) the requisite Series 2019-T2 Noteholders as contemplated above or by Section 12.2 of the Base Indenture, (ii) the Issuer, (iii) the Administrator, (iv) subject to the immediately preceding sentence, the Servicers, (v) the Administrative Agent and (vi) the Indenture Trustee.

(c) Notwithstanding any provisions to the contrary in Section 6.10 or Article XII of the Base Indenture, no supplement, amendment or indenture supplement entered into with respect to the issuance of a new Series of Notes or pursuant to the terms and provisions of Section 12.2 of the Base Indenture may, without the consent of the Series Required Noteholders, supplement, amend or revise any term or provision of this Indenture Supplement.

(d) For the avoidance of doubt, the Issuer and the Administrator hereby covenant that the Issuer shall not issue any future Series of Notes without designating an entity to act as "Administrative Agent" under the related Indenture Supplement with respect to such Series of Notes.

**Section 13. Counterparts.**

This Indenture Supplement may be executed in any number of counterparts, by manual or facsimile signature, each of which so executed shall be deemed to be an original, but all of such counterparts shall together constitute but one and the same instrument.

**Section 14. Entire Agreement.**

This Indenture Supplement, together with the Base Indenture incorporated herein by reference, constitutes the entire agreement among the parties hereto with respect to the subject matter hereof, and fully supersedes any prior or contemporaneous agreements relating to such subject matter.

**Section 15. Limited Recourse.**

Notwithstanding any other terms of this Indenture Supplement, the Series 2019-T2 Notes, any other Transaction Documents or otherwise, the obligations of the Issuer under the Series 2019-T2 Notes, this Indenture Supplement and each other Transaction Document to which it is a party are limited recourse obligations of the Issuer, payable solely from the Trust Estate, and following realization of the Trust Estate and application of the proceeds thereof in accordance with the terms of this Indenture Supplement, none of the Noteholders of Series 2019-T2 Notes, the Indenture Trustee or any of the other parties to the Transaction Documents shall be entitled to take any further steps to recover any sums due but still unpaid hereunder or thereunder, all claims in respect of which shall be extinguished and shall not thereafter revive. No recourse shall be had for the payment of any amount owing in respect of the Series 2019-T2 Notes or this Indenture Supplement or for any action or inaction of the Issuer against any officer, director, employee, shareholder, stockholder or incorporator of the Issuer or any of their successors or assigns for any amounts payable under the Series 2019-T2 Notes or this Indenture Supplement. It is understood that the foregoing provisions of this Section 15 shall not (a) prevent recourse to the Trust Estate for the sums due or to become due under any security, instrument or agreement which is part of the Trust Estate or (b) save as specifically provided therein, constitute a waiver, release or discharge of any indebtedness or obligation evidenced by the Series 2019-T2 Notes or secured by this Indenture Supplement. It is further understood that the foregoing provisions of this Section 15 shall not limit the right of any Person to name the Issuer as a party defendant in any proceeding or in the exercise of any other remedy under the Series 2019-T2 Notes or this Indenture Supplement, so long as no judgment in the nature of a deficiency judgment or seeking personal liability shall be asked for or (if obtained) enforced against any such Person or entity.

**Section 16. Owner Trustee Limitation of Liability.**

It is expressly understood and agreed by the parties hereto that (a) this Indenture Supplement is executed and delivered by Wilmington Trust, National Association, not individually or personally, but solely as Owner Trustee of the Issuer under the Trust Agreement, in the exercise of the powers and authority conferred and vested in it, (b) each of the representations, undertakings and agreements herein made on the part of the Issuer is made and intended not as a personal representation, undertaking and agreement by Wilmington Trust, National Association, but is made and intended for the purpose of binding only the Issuer, (c) nothing herein contained shall be construed as creating any liability on Wilmington Trust, National Association, individually or personally, to perform any covenant either expressed or implied contained herein, all such liability, if any, being expressly waived by the parties hereto and by any Person claiming by, through or under the parties hereto and (d) under no circumstances shall Wilmington Trust, National Association, be personally liable for the payment of any indebtedness or expenses of the Issuer or be liable for the breach or failure of any obligation, representation, warranty or covenant made or undertaken by the Issuer under this Indenture Supplement or the other Transaction Documents.

**Section 17. Joint and Several Liability.**

Each of NRZ and the Administrator hereby acknowledges and agrees that it is jointly and severally liable to the Administrative Agent and the Noteholders for all representations, warranties, covenants, indemnities and other obligations of the Administrator set forth in the Transaction Documents.

IN WITNESS WHEREOF, the undersigned have caused this Indenture Supplement to be duly executed by their respective signatories thereunto all as of the day and year first above written.
